Duration: 3 years | Fees: 25000*

Bachelor of Science (Physics)
Duration: 3 years | Fees: 25000*

Bachelor of Science (Botany)
Duration: 3 years | Fees: 25000*

Bachelor of Science (Chemistry)
Duration: 3 years | Fees: 25000*

Master of Science (Organic Chemistry)
Duration: 2 years Intake: 260 | Fees: 40000*

Master of Science (Botany) Intake: 40
Duration: 2 years | Fees: 45000*

Master of Science (Mathematics) Intake: 60
Duration: 2 years | Fees: 44300*

Get the EDGE

- World-class infrastructure
- State-of-the-art auditorium
- Spread over 100 acres
- Hostel facility
- Transportation facility
- Outstanding faculty
- Practical training and transformative learning
- Fully-equipped sports facilities

GOKUL FOUNDATION & GOKUL GLOBAL UNIVERSITY (GGU)

In pursuit of helping students of Gujarat to excel, Gokul Foundation Trust was set up in 2009. Fostering the growth and adding wings to the aspirations of the student community, Gokul Foundation Trust was initiated by Gokul Refoils and Solvent Limited (GRSL), one of the leading FMCG companies in India with a significant presence across India and the world. Today, through its transformative education and world-class facilities, it has gained a University status and is now known as Gokul Global University.

At the core of Gokul Global University is a curriculum that is designed to empower students to learn, think, create and develop skills. It is through this process that students transcend expectations and grow from being learners to leaders.

With an aim to impart quality education in the field of Engineering, Architecture, Design, Science, Information Technology, Nursing, Physiotherapy, Commerce & Business Management and Law, Gokul Global University is spread across 100 acres; giving the students space to learn, live and prosper.

Vision:
Our vision is to be a top-tier University that will contribute to the society with its innovative education, research, creativity, and entrepreneurship culture. To build a generation of highly employable global citizens that will shape the future.

Mission:
We are committed to igniting minds by empowering them with new ideas, new understandings, and deeper practical knowledge that enables students to achieve their full potential.

Four-tier employability model

Skill development: Enhance practical skills through our well-defined Hub and Spoke model.

Set-up a start-up: Kick-start your dream project at North Gujarat's first and only start-up incubation centre.

Traditional business: Get trained to set-up conventional business.

Employability edge: Imparting training and guidance for Government jobs and conventional placements.
