

GENERAL FACILITY

4.1.1	The institution has adequate facilities for cultural activities, yoga,		
	games and sports (indoor & outdoor); (gymnasium, yoga centre,		
	auditorium, etc.,)		
	The following facilities are available on the campus for cultural activities, yoga,		
	games, and sports events:		
1	University Main Entrance: - "Pathway to your DREAMS!" Gokul Global		
	University's main entrance serves as the gateway to academic spaces, welcoming		
	students, faculty, and visitors. Often designed with symbolic elements, it reflects		
2	the institution's identity and creates a first impression of the campus environment. Academic Building: - We believe that "Education is the most powerful weapon		
2	which you can use to change the world." So, we have a well-structured academic		
	building which contains library, workshops, labs, etc.		
3	Workshop: - We are always focusing on the different types of workshop in the		
5	campus so that our students can improve their skills and knowledge by participating		
	in various types of extracurricular activities		
4	Hostel: - We have separate hostels for Boys and Girls equipped with modern		
	facilities. Our lush green campus provides very good environment for study to our		
	students. Our modern hostels are full of amenities like AC, laundry, 24/7 CCTV,		
	WIFI, study furniture, mineral water, housekeeping, GYM, etc. Also, 3 times		
	quality meals are included.		
5	Medical Center: - We have well equipped hospital of Homoeopathy and Ayurveda		
	in our campus with highly qualified team of doctors. For emergency services we		
	have an ambulance with all modern facilities. 24 Hours Emergency medical		
-	facilities are available for our students as well as staffs.		
6	Health and Hygiene: In case of any medical emergency, an Ambulance service is		
	available 24 hours a day on campus. The campus has 24-hour security arrangements with fully trained guards for round the cleak wigil around the compuse. Also, the		
	with fully trained guards for round-the-clock vigil around the campus. Also, the campus is equipped with the latest hardware and software like CCTV cameras.		
7	Garden: - We know the importance of Nature. We have many Gardens in the		
'	Campus in different areas. For providing ecofriendly environment to our students		
	University campus is lush green. In this series we have a Nakshtra Vatika with full		
	of different types of trees related to Nakshtra in the Universe.		
8	Auditoriums: A cluster of conference halls and the auditorium is available on		
	campus to organize various student and cultural activities. The capacity of spaces		
	ranges from 1000 seats		
9	Theatre: The University hosts theatre with a seating capacity of 500 seats. We		
	have a theatre with all modern amenities. The theatre fosters creativity, expression,		
	and cultural appreciation, providing students with a platform to develop		
	communication and teamwork skills through the performing arts. It serves as a vital		
10	space for fostering a vibrant and inclusive campus culture.		
10	Seminar Hall : We know that seminar hall in the university is crucial for hosting		
	academic discussions, workshops, and presentations, facilitating knowledge exchange and intellectual dialogue among students and faculty members. It serves		
	as a platform for collaborative learning, enhancing the educational experience and		
	promoting a culture of continuous academic engagement. We have appropriate		
	seminar halls for such kind of activities.		

 providing students and faculty access to a wealth of resources, including books journals, and digital materials. It serves as a hub for research, study, and self directed learning, fostering intellectual growth and supporting the educationa mission of the institution. Water Room: - The water room in our university is a dedicated space providing students and staff with access to clean drinking water, promoting hydration and well-being. Equipped with water dispensers or fountains, it supports a healthy and sustainable campus environment. Power Backup and Generator Facilities: - Our University's power backup and generator facilities. This infrastructure enhances the resilience of the campus and minimizes disruptions in times of power instability. Solar Facilities: - Our university's solar facilities harness renewable energy, providing a sustainable power source that reduces environmental impact and promotes eco-friendly practices on campus. These solar installations contribute to the institution's commitment to clean energy and environmental stewardship. Studio: - The University's studio is a cutting-edge facility equipped for multimedia production, graphic design, and digital arts, providing students with tools to explore 	 students, faculty, and staff. Equipped with advanced technology and protocols, these measures contribute to a secure and prepared campus environment. Lift Facilities: - The University's lift facilities enhance accessibility within campus buildings, ensuring equitable access for students and faculty of all abilities. These elevators contribute to a inclusive and efficient educational environment by facilitating movement across different floors. Water Room: - The water room in our university is a dedicated space providing students and staff with access to clean drinking water, promoting hydration and well-being. Equipped with water dispensers or fountains, it supports a healthy and sustainable campus environment. Power Backup and Generator Facilities: - Our University's power backup and generator facilities serve as a reliable backup power source, ensuring continuous electricity supply during outages to support essential functions, research, and educational activities. This infrastructure enhances the resilience of the campus and minimizes disruptions in times of power instability. Solar Facilities: - Our university's solar facilities harness renewable energy, providing a sustainable power source that reduces environmental impact and promotes eco-friendly practices on campus. These solar installations contribute to the institution's commitment to clean energy and environmental stewardship. Studio: - The University's studio is a cutting-edge facility equipped for multimedia production, graphic design, and digital arts, providing students with tools to explore and innovate in the digital realm. It serves as a hub for creative expression and

22	Day Care Centre : Our Day Care centre offers a supportive and secure environment for students and faculty with young children, allowing them to balance academic and professional responsibilities while ensuring their children receive quality care and early education. This on-campus facility enhances accessibility and promotes a family-friendly atmosphere within the university community.
23	MOOT Court: In our Department of Law we have a dedicated MOOT Court to provide a simulated legal environment for law students to hone their advocacy skills, engage in mock trials, and apply legal theories, preparing them for real-world courtroom experiences. This practical training enhances their understanding of legal procedures, argumentation, and courtroom etiquette.
24	Art Gallery: We have an Art Gallery in our University Campus. Our university's art gallery is a vibrant cultural space that curates and displays a diverse array of artworks, showcasing the talent of both students and professional artists. Through exhibitions and events, the gallery not only enhances the aesthetic environment on campus but also fosters a creative community, encouraging appreciation for the visual arts and stimulating dialogue on artistic expression.
25	Information Centre: We have a dedicated Information Centre in our Administrative Block that is central hub for students and visitors, providing essential University campus details, directions, and assistance. It enhances accessibility to resources, fostering a welcoming environment and facilitating seamless navigation within the university. Our dedicated counsellors, staff members are ready to assist our stake holders to provide all the information regarding our university.
26	ATM(Central bank of india): The Central bank of india has installed ATM Machine inside the campus which provides round twenty-four seven banking services in the college. This can be availed just by the students and the staff members of the college as it is located in the campus. It is just to save the precious time of students. This endeavor will not only ease the students but also help them in dealing with money in a much easier way. ATM Facility also extends a platform for the students to manage their paper money efficiently. This facility comforts both the hostlers and the day scholars in case of urgency in money matters for residential affairs.
