

Report on Guest Lecture: "How to Write a Research Paper"

Date: September 4, 2022

The Faculty of Commerce and Management, under the guidance of Dr. Ritesh Vaidya, Dean of FoS, and Dr. Preeti Mishra, Head of DCBM, organized a thought-provoking Guest Lecture on September 4, 2022. The central focus of this session was to delve into the intricate art of composing a research paper, illuminating the primary purpose behind academic writing and offering insights into initiating the writing process.

The distinguished speaker for this enlightening session was Dr. Chetansinh Vaghela, an esteemed Associate Professor from the Marwadi University of Rajkot. Dr. Vaghela commenced the discourse by emphasizing the pivotal role played by unwavering integrity, impartiality, and a profound respect for data in crafting high-quality research papers. His insights shed light on the critical foundations necessary for conducting impeccable research.

The session was not only a platform for dissemination but also encouraged an interactive exchange. A vibrant Question and Answer round followed, wherein faculty members had the opportunity to seek elucidation on pertinent aspects from our erudite speakers.

Dr. Vaghela, accompanied by Prof. Vaidya, expressed his delight in visiting the department, commending the disciplined and well-maintained environment of the Department of Commerce and Management.

Prof. Vaidya, in his opening remarks, underscored the contemporary relevance and paramount importance of the discussed topic in the current academic landscape. Dr. Preeti, in her closing remarks, succinctly revisited key highlights from the session, extending a gracious vote of thanks to our esteemed speakers and enthusiastic participants.

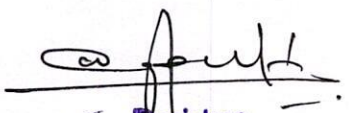

The Guest Lecture garnered enthusiastic participation, with 32 faculty members actively engaging in this intellectually stimulating discourse. Post the lecture, faculty members had the privilege of accompanying our esteemed guest speakers to the central auditorium for a convivial high tea session, fostering further informal interactions.

Photographs capturing the essence of this engaging Guest Lecture serve as a visual testament to the enlightening and insightful discussions held during this enriching academic rendezvous.

This program was lauded by all faculty members for its educational depth and informative nature, contributing significantly to their scholarly pursuits and academic growth.

REPORT OF GUEST LECTURE ON
“IDEAL APPROACH TO NAAC A&A PROCESS”

Date: 30/11/2021

The Quality Assurance Cell at GGU organized a comprehensive Guest Lecture, focusing on the nuanced intricacies of the "Ideal Approach to NAAC A&A Process." This enlightening session took place on November 30, 2021, within the expansive confines of the Gokul Global University's Auditorium.

The event commenced with a warm welcome extended by Dr. Joshi, the Dean of Ayurveda, who graciously greeted both the Guest Speaker and the attending faculty members. Dr. R.P. Vaidya, the IQAC-Coordinator cum Dean of FOS, proceeded to introduce the esteemed Chief Guest, Dr. K.H. Wandra, setting the tone for an engaging and insightful discourse.

Dr. Wandra, serving as the resource person, shared invaluable insights gleaned from their college's Strategic Self-Review (SSR) Preparation and the consequential visitation by the NAAC Peer Team. Delving into the essence of data collection and the significance of compelling evidence, Dr. Wandra adeptly navigated through these crucial aspects, shedding light on their profound impact on the NAAC accreditation process.

The interactive session saw active participation from Heads of Departments and Criteria In-charges, fostering a platform for queries and clarifications. Numerous inquiries pertaining to the seven Criteria surfaced, each meticulously addressed and clarified by the erudite resource person. Dr. Wandra not only resolved doubts but also offered astute suggestions, poised to be incorporated into future initiatives, enhancing the institution's approach to NAAC endeavors.

The comprehensive discourse was a beacon of enlightenment for all attendees, unveiling intricate facets and demystifying the complexities inherent in the NAAC accreditation process. The informative session left an indelible mark, enriching the knowledge repository of every participant.

Concluding this enlightening gathering, Professor Manoj Patel, representing the Department of Computer Science, extended a gracious vote of thanks, expressing heartfelt gratitude to the revered guest, the organizers, and the engaged participants. His words encapsulated the collective appreciation for the invaluable insights garnered during this illuminating session.

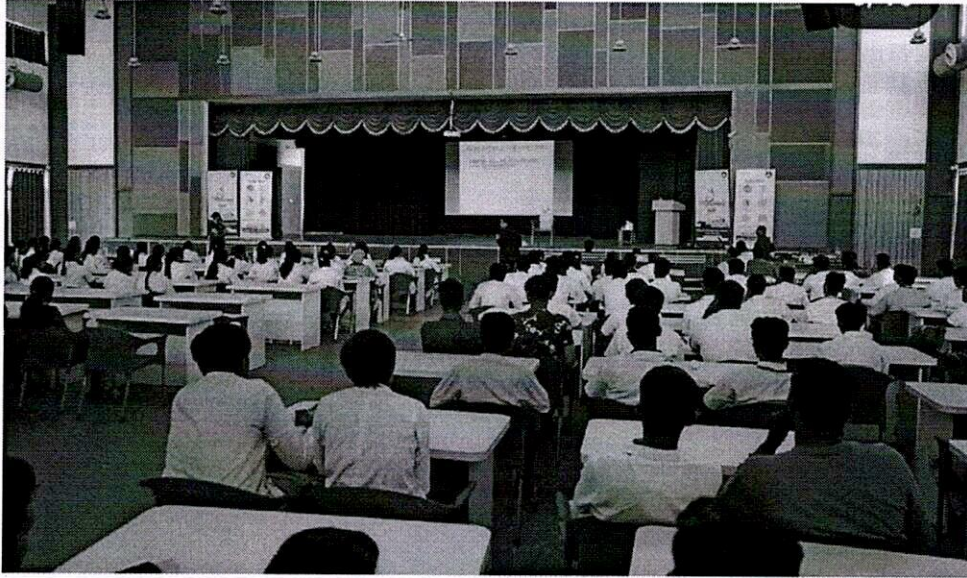

The Guest Lecture, encapsulating a wealth of information and pragmatic guidance, served as a catalyst for intellectual enrichment. It empowered attendees to navigate the NAAC A&A process with heightened insight, fortified by the wisdom shared by Dr. Wandra. The event stands as a

Report on an expert talk on "Accreditation and Assessment" Process

Resource Person: Prof. (Dr.) Tejal Shah

Date: July 23, 2022

Under the auspices of Internal Quality Assurance Cell, Gokul Global University, an expert talk on Accreditation and Assessment Process has been arranged on July 23, 2022 in the seminar hall of Electrical Engineering Department of Hansaba College of Engineering and Technology. Dr. Tejal Shah, Head, Pharmaceutics and Pharmaceutical Technology Department, Institute of Pharmacy, and IQAC Co-ordinator, Nirma University, Ahmedabad have been invited to deliver the talk on A & A process.

In her more than two hours of session, Dr. Shah started with the importance of NAAC accreditation and the involvement of each and every staff of the university for the preparation of the accreditation process. According to her, in total 115 templates are to be filled up and submitted to the NAAC office. She was of the opinion that when the change in syllabus is proposed, it should be change in the course and not only in the content. She reminded the requirements of documents for every activity carried out in and outside of the university including geo tagged photographs. For e.g if the University is claiming that they did green audit, it is to be supported with the certificate of it which is supposed to be obtained from an external agency. Each and every submitted document shall be signed by the Registrar of the University. For uploading the documents, if there are size issues, there are ways to submit it such as submission of link for the information form university website and so on. She emphasized on referring the latest NAAC manual before submitting the information as there are changes made at regular intervals and it is advisable to use the latest format for the submission of information. Information related to Recruiters, Alumni and Placement is again very important. The University shall have registered alumni portal for the registration. Placement data shall always be provided with the information of package too. The NAAC office has access to the data submitted to AISHE office. Hence, there shall not be mismatch in the information submitted to AISHE and to NAAC otherwise it may create an issue. The role of IQAC is very crucial in the entire A & A process.

Recently Nirma University completed their third cycle of A & A process and they got A grade. Out of total 7 criteria of NAAC, highest weightage is of criteria No. 3 i.e. Research, Consultancy and Extension criteria that carry 250 marks. According to her, apart from obtaining good score in other criteria, a total of 180 marks are required for A grade and 225 marks are required for A+ grade out of 250 marks of criteria 3. She also pointed out the importance of Institutional distinctiveness, two best practices and the student's satisfaction survey. 64 teaching staff members took the advantage of this expert session. Dr. Akil Ali Saiyed, Pro-Vice Chancellor accorded floral welcome while the Registrar Dr. H. C. Rajput felicitated Dr. Shah with a memento.

REPORT ON GUEST LECTURE ON RESEARCH METHODOLOGY

Date: 01/10/2021

The Department of IQAC at Gokul Global University orchestrated an illuminating expert lecture on "Research Methodology" on Friday, October 1, 2021, tailored for both Ph.D. scholars and faculty members. Dr. Vikram Panchal, an esteemed Associate Professor from the Department of Sal Education, served as the distinguished resource person for this enlightening discourse.

During his presentation, Dr. Panchal meticulously delineated the crucial steps essential for conducting effective research. Emphasizing the pivotal role of a comprehensive Literature Review and clearly defined Research Objectives, he underscored their significance as linchpins for successful research endeavors. Through sharing his extensive experiences working with research scholars, Dr. Panchal fervently encouraged all participants to instill a robust research culture within academic and teaching spheres.

The coordination of this impactful event was orchestrated by Dr. Rietsch Vaidya, ensuring the seamless flow of the lecture. As the session drew to a close, Dr. Verda expressed heartfelt gratitude to Dr. V.N. Panchal for his inspirational and thought-provoking talk, acknowledging its value to all attendees.

Dr. Panchal's discourse resonated deeply with the essence of research, elucidating how well-executed research initiatives contribute significantly to societal progress. He fervently stressed the necessity for research to be both contemporary and socially relevant, highlighting its pivotal role in driving advancement.

Furthermore, the speaker expounded upon the essential attributes and responsibilities of a discerning scholar, elucidating their profound impact on the quality of research output. Among these attributes were the imperative traits of objectivity, adeptness in paper editing, steadfast adherence to scientific principles throughout the research process, and ensuring due acknowledgment of pertinent sources that contributed to the study's foundation.

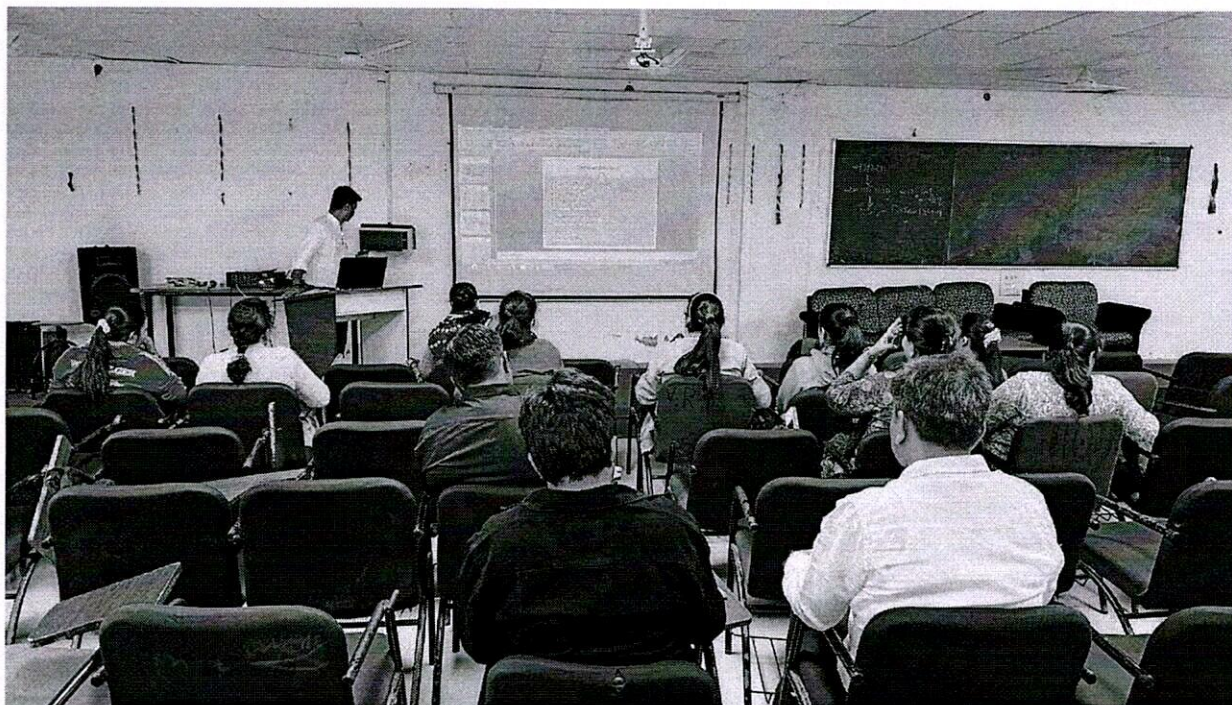

Employing an array of illustrations and examples, Dr. Panchal adeptly elucidated these concepts, offering students a lucid understanding of the intricate facets discussed during the lecture. These illustrative instances not only enriched the discourse but also served as guiding beacons, aiding participants in grasping the nuances of the multifaceted realm of research methodology.
