#### 2. Service Based Roles and Responsibilities

##### i. Shodhganga

Shodhganga is a digital repository in 2010, set up for submission of electronic theses and dissertations by students/research scholars in universities in India, and makes them

Checked and Verified

available in open access to the worldwide academic community in response to the UGC Notification (Minimum Standards; Procedure for Award of M.Phil./PhD Degree, Regulation, 2009/2016) where-in the responsibility of maintaining the digital repository of Electronic Theses is assigned to the INFLIBNET Centre. The objective of the Shodhganga project is to provide seamless and free access to research outputs produced by Indian Universities. The Shodhganga interface provides information to the researchers, research supervisors and university authorities concerning ETDs including their responsibilities, access policies, submission process, metadata structure, a guideline for submission, tutorial, manual, etc.

#### **Shodhganga: Roles and Responsibilities**

##### **INFLIBNET CENTRE**

- Provide access to ETD hosting server(s) at the INFLIBNET Centre 'Shodhganga'/Shodhgangotri' to the University with accompanied software interface enabling University / its student to create metadata and upload their theses and dissertations in ETD repositories designed for this purpose. - tools and techniques of digital preservation to ensure continuing access to scholarly content in digital formats and to protect them from media failure, physical loss and obsolescence.
- Recommend to the UGC to extend financial assistance to the Universities under Sections 12(B) and 2(f) of UGC Act for digitization of theses and dissertations not available in computerized machine-readable format and / or for procurement and installation of a suitable computer system / infrastructure for creation of ETDs.
- Provide configuration of system, specifications and technical guidance to the University for procurement of computer hardware and related systems for setting-up of ETDs.

- The INFLIBNET may refuse to host any material deemed by the INFLIBNET to be controversial in nature or is in violation of copyright act.
- This right of refusal will not relieve the University / Ph.D. scholar of liability, both to INFLIBNET and to the public, for matter contained in the theses that may be libellous or actionable and to both INFLIBNET and copyright owners for copyright infringement by the Ph.D. Scholar.
- The INFLIBNET Centre will not be responsible for i) errors, omissions, inaccuracies and quality of content or misinformation or for any damages caused

Checked and Verified

to the user or any third party from the use of content provided in the theses; ii) safety and archiving of loaded content in cases of "force majeure" including natural calamities; and iii) printed version of theses.

- INFLIBNET Centre will recommend or provide access to plagiarism software which university may use to detect plagiarism before awarding the degree.
- The INFLIBNET Centre replicates the content of theses and dissertations on different server and other auxiliary storage media. However, the INFLIBNET Centre does not take the responsibility for the archiving or backing-up of loaded content. The universities, therefore, should also keep a back-up of their theses and dissertations.
- INFLIBNET Centre also maintains a repository called "Shodhgangotri" for hosting the approved synopses of research topic submitted to the universities by the students for registering themselves under the doctoral programme. Research students/their supervisors are encouraged to submit approved synopses/research proposals and register their priority on a research proposal through the repository.

(theses that are born digital as well as those that are digitized using scanners / digital cameras) accessible through open access ETD.

- The University shall not use electronic version of theses digitized using funds given by the UGC for any commercial purposes.
